*HOW CAN I HELP?* is an ensemble piece adapted for the stage by Victoria McGee from a book first published in 1988 by spiritual leader Ram Dass and Paul Gorman. The book examines the many rewards and struggles implicit in being of service to our fellow humans.

Through first person stories the play defines service and compassion, looks at who is helping and why, examines the tools needed to truly be of help to others, honestly assesses burnout, and analyzes how our intentions can color the outcome of service. *HOW CAN I HELP?* won the Maui Fringe Festival in 2020, and was also Audience Favorite.

With a timely message of the importance of connection, *HOW CAN I HELP?* represents us at our most human.

From painting workshops to concerts to magic shows to great plays – there is always something happening at the Santa Paula Theater Center!
